

# DMInteract<sup>®</sup>

Elevate Your Hygiene Experience with  
DMInteract Hand Dryers

## Effiently Purify The Wind

The DMinteract Inhasa Double Induction High-Speed Hand Dryer combines efficient air purification with quick, hygienic hand drying. Its double induction technology ensures a fast drying experience, contributing to environmental sustainability by minimizing paper towel usage.

## Intelligent Interactivity

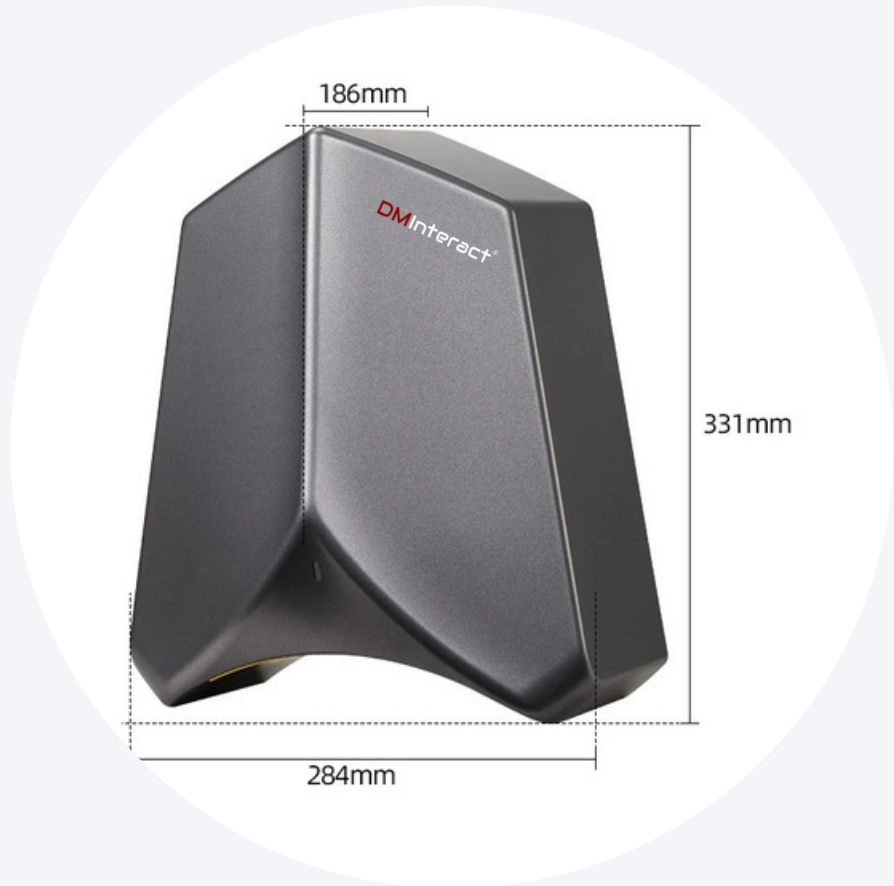

DMInteract takes user experience to the next level with intelligent interactivity features. The DM-AB300 Airblade is equipped with smart sensors that detect hand movements, triggering the jet system precisely when needed. This touch-free operation not only enhances user convenience but also minimizes the risk of cross-contamination in high-traffic restroom environments.
