

DMInteract® MULTI-CURRENCY BILL COUNTER MACHINE

High Speed UV/MG/IR/MT Multi Currency
Bill Counter with External Display

DM-600BC

PRODUCT OVERVIEW

DMInteract DM-600BC Intelligent Banknote Counter with Fake Note Detection:

Speed up your cash handling with the DMInteract DM-600BC Banknote Counter—a powerful, high-speed solution designed for accuracy and security. Featuring automatic start/stop and advanced counterfeit detection with UV, MG, IR, and MT sensors, it ensures reliable performance in every count. Its 3.5" LCD screen changes color when a fake note is detected, keeping your business protected.

Ideal for banks, retail, and cash-intensive environments, it supports batch and add functions and detects half, double, and chain notes with ease. With a counting speed of over 1000 notes per minute, it handles large volumes quickly and efficiently.

Key Features:

- Automatic start/stop with intelligent detection
- UV, MG, IR, and MT counterfeit detection
- Batch & add modes for streamlined operations
- 3.5" color LCD with red alert for fake notes
- Counts up to 1000+ notes per minute
- Large hopper & stacker capacity: 300/200 pcs
- Compact, low-noise design with CE & ROHS certifications

Specifications:
